PTSA / YMCA Afterschool Enrichment Partnership

Vendor and YMCA Enrichment Classes – Session 3 (Feb 21st –March 31st): Registration forms and schedule are for classes offered by outside vendors in addition to YMCA run programming. By Class registration is now open, with classes beginning February 21st. You are able to sign up for just vendor classes and not have a YMCA membership. You can also enroll for YMCA classes. Those enrolled in YMCA enrichment pass plan will have additional fees for vendor classes.

To Register: Fill out the registration forms then scan and email them to the YMCA admin team at eastsidechildcare@seattleyymca.org or register online: <http://tinyurl.com/hc4a723>. Please do not return forms to the Mead office. For questions about the program email eastsidechildcare@seattleyymca.org or call [425-644-8417](tel:425-644-8417). Registration available online until February 17th.

Vendor Taught Class Descriptions	
Village Theatre: Magical Character Creations: Grades K-2	Join Village Theatre KIDSTAGE: Once upon a time there was a wonderful acting class for whimsical children. Come act out your favorite tales from popular culture and folklore with your friends while exploring character development and story structure. Build confidence as you expand your imagination and literacy skills. Grades K - 2nd
Village Theatre: Magical Character Creations: Grades 3-5	Join Village Theatre KIDSTAGE: Build characters and scenes from the ground up using your voice, body, expressions and creativity. Be inspired by characters from magical tales such as Harry Potter, Matilda, and The Chronicles of Narnia. Grades 3rd-5th.
Robot U: Lego Jr. Robotics	Students learn programming and engineering when they build actual working robots with LEGO® WeDo®. In this class students will be paired up to build and program simple robots that use a motor and sensors and LEGO®'s simple to use drag and drop programming software. This is NOT a free play activity, but a class with actual lessons.
Art Workshop	Join Anna and Joyce—this hands-on art class encourages students to explore their own personal expression and creativity through the use of raw, new and used material, producing both 2- and 3 - dimensional art projects. Tailored for all ages so that each student can feel successful in their art-making. We focus on color, line, form, texture, value and space with a variety of materials including, clay, paint, pastels, collage, ink and other processes. Taught by professional artists who work in the community! Additional \$24 supply fee to be paid in the first class to the instructor.
Tech Venture Kids: Code with SCRATCH: Game Design	Join TECHVENTURE KIDS - In our game and animation coding clubs we guide children through hands on computer projects using simple, yet powerful "drag and drop" programming environments. Engaged in creating their own characters, animations and games, children are also exercising reasoning, logic, math and language art skills and learning basic programming concepts. Grades 3rd - 5th
Origami Club	It has long been known that origami has many benefits like developing eye hand coordination, sequencing skills, attention skills, patience, temporal spatial skills etc. We will learn basic folding method and build up folding skills. Grades 1st - 5th.
