VENDOR ENRICHMENT CLASSES

Margaret Mead PTSA & YMCA

November 27–February 14, 2018

KIDSTAGE Acting – Bring your favorite characters to life in this magical class through creative stories, games, and teamwork. Put it all together on stage for friends and family. Exploratory acting classes provide literature-based drama activities that promote literacy comprehension, confidence, collaboration, and creativity Grades K-2

Origami Club– Do you know that when you practice origami, you are activating your whole brain? It has long been known that origami has many benefits like developing eye hand coordination, sequencing skills, attention skills, patience, temporal spatial skills etc. If you are interested in Origami or are eager to learn how to make Origami, come to “Origami Club”, a positive place to learn Origami. Grades K-5

Code Club: Scratch – beginner & beyond– In this TechVenture Kids after-school Code Club, kids design and program their own games and animations while exercising those STEM skills. Kids will be introduced to the core concepts of computer programming using the SCRATCH development platform. Students are also encouraged to collaborate and present or share their projects with others – trying new projects each session, to express creativity and advance as a coder. Our progressive curriculum will allow Kids to move to the next level after just 1-2 sessions. This coding club is open to all levels, beginner – advanced. Grades 3-5

Crazy Chemworks– The wonders of chemistry are revealed as our junior chemists create surprising concoctions, break molecules with ease and shake up a flask full of fun. Kids will use the tools, safety procedures and laboratory techniques of real chemists as they investigate solids, liquids and gases at the atomic level. They'll craft chemical combinations to create super-sticky-stuff, analyze the properties of light and ooze into the world of polymers. Exploring the elements has never been so much fun! Grades 1-5

Sports Spectacular– Let's Play! Save the best for last by finishing up the school day with Sports Spectacular, a variety athletic program that features different sports throughout the session. Participants will practice skills and play games in both traditional sports and playground favorites. The Sports Spectacular Variety Program features the best “to-do” list ever – Basketball, Soccer, Flag Football, Kickball, Capture the Flag, Wiffle Ball, Bump and Bite, Knights and Dragons, Numbers Game, Tag Games, Safe Base and

Computer Foundations and Beyond— This foundation building program focus on introducing various programs and skill building activities for early tech kid. This builds a good foundation for them to be comfortable using various programs and tools and eases them to take up the technology challenges and projects for higher grades by making them more tech savvy. They will learn basic and some advanced skills in

- Word processing, Graphic arts and Animation, Intro to Scratch

They will also get lot of opportunity to get proficient in basic skill like using the mouse buttons properly, typing, formatting shortcuts and word processing skills along with developing good computer habits of organizing and saving their work. Grades 1-2
