VENDOR ENRICHMENT CLASSES

Margaret Mead PTSA & YMCA
February 20 – April 27, 2018

KIDSTAGE Acting – Bring colorful characters to life through creative stories, games, and teamwork. Put it all together on stage for friends and family. Exploratory acting classes provide literature-based drama activities that promote literacy comprehension, confidence, collaboration, and creativity. Grades K-2nd

Crazy Chemworks – The wonders of chemistry are revealed as our junior chemists create surprising concoctions, break molecules with ease and shake up a flask full of fun. Kids will use the tools, safety procedures and laboratory techniques of real chemists as they investigate solids, liquids and gases at the atomic level. They'll craft chemical combinations to create super-sticky-stuff, analyze the properties of light and ooze into the world of polymers. Exploring the elements has never been so much fun! Grades 1-5

Scratch Coding— Students will develop coding skills in Scratch, an open source MIT application, and will explore basic programming concepts. When kids learn to code in Scratch, they learn important strategies and logics for solving problems, designing projects, and communicating ideas. Students will do many hands-on exercises to learn the concepts. Finally, they will get engaged in creating their own video games and animated stories by themselves or in a team. Pre-requisites (Coding 101, or prior knowledge of scratch). Grades 2nd-5th.

Bollywood / Bhangra– Are you ready to dance? My Dance World Academy is excited to start offering dance classes for boys and girls. Bollywood and Bhangra dance is high energy and fun for all ages. Grades K-5
